GROW**

Scalloped potatoes are popular in foodservice due to their versatility, comfort appeal, and suitability for high-volume settings. They hold well in steam tables, making them ideal for catering and banquet menus.

33137 – Scalloped Potatoes

This dish features tender, creamy potatoes loaded with rich melted cheese and a smoky flavor, giving each bite a warm, savory taste. Bacon pieces add umami, creating a comforting, indulgent experience perfect for your customers.

Scalloped Potatoes

- **Rich, Creamy Flavor:** Deliciously indulgent.
- **Versatile Side:** Pairs well with main dishes.
- **Crowd-Pleaser:** Perfect for gatherings and holidays.
- **Customizable:** Easily enhanced with ham, cheese, or herbs.
- **Convenient:** Feeds a lot of people, portable and reheat-friendly.
